

Primary students do public service

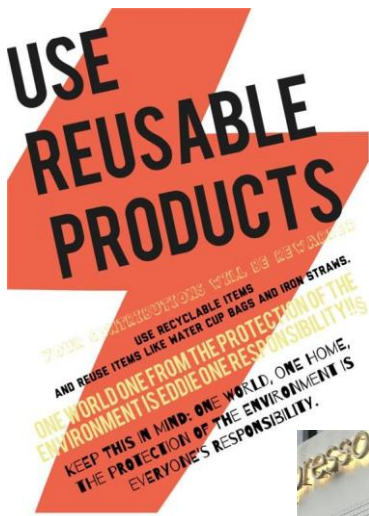

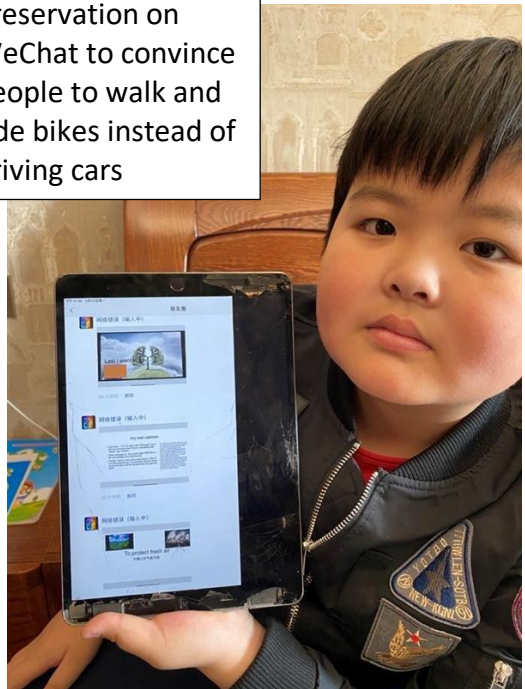

Tandy is creating awareness to protect and save fresh water. He has persuaded many neighbors in his building to sign up

Carson is convincing people in his compound to recycle to help preserve the environment whilst receiving some cash back for recycling

Lars shared a presentation about fresh air preservation on WeChat to convince people to walk and ride bikes instead of driving cars

Peter put up his poster at shops and restaurants to tell people to use reusable products like metal straws and cloth bags instead of plastic
