

Middle School music class collaborating in creating music online

The screenshot displays a digital music creation interface with a top navigation bar and a multi-track workspace. The navigation bar includes a red circle, a black square, a play button, a purple "Saved" button, a wrench icon, and a hamburger menu icon. The workspace features a timeline with markers at 17, 33, 49, and 65. The tracks are as follows:

- Anthem -**: A purple track with a drum icon, containing three purple audio clips with a checkered pattern. The first two clips are between 17 and 33, and the third is between 49 and 65.
- Two - Bea**: A green track with a drum icon, containing one green audio clip between 33 and 49.
- Synth - Ja:**: An orange track with a waveform icon, containing one long orange audio clip from 17 to 65.
- Beat - Hea**: A pink track with a waveform icon, containing one pink audio clip between 33 and 49.
- Piano - Mc**: A blue track with a waveform icon, containing three blue audio clips. The first two are between 17 and 33, and the third is between 49 and 65.
- 1021\_b7ef**: A teal track with a waveform icon, containing one long teal audio clip from 17 to 65.
- +**: A bottom track with a plus sign icon for adding new elements.

On the right side of the workspace, there are two floating circular icons: a purple one with a musical note and a teal one with a group of people icon.
