

Ningbo Sport League

Invitational U19 Volleyball Tournament

Dear students, teacher and friends,

We have had a positive start The Ningbo Sports League (NSL) with our first tournament being held at Nottingham University this past Saturday the 23rd of October. We had students from year 7 to 11 represent our school in the under 19's competition.

Ningbo Huamao International School (NBHIS) along with Ningbo British International School (NBIS), Georgia School Ningbo (GSN) and Hangzhou International School (HIS) all competed at this event.

Our first game was against the team from Hangzhou and despite a slow start we managed to show some improvement. We unfortunately went down 2 sets to 0.

Our second match was against GSN and despite showing continued improvement we again went down 2 sets to 0.

Our final game was against NBIS and our efforts were justly rewarded with a tight win 2 sets to 0.

Congratulations to all the students involved who showed great effort and determination in what was their first competitive volleyball experience. I would also like to point out that the students put in considerable effort and time during the last week, even training outside of school hours. Special mention to Owen Jin (Year 11) who was our representative on the all tournament team.

Yours in Sports
